Save Sugar

By serving Jiffy-Jell Real-Fruit Desserts

Jiffy-Jell desserts are rich in fruit. A bottle of condensed fruit juice comes in each package. They are ready-sweetened and acidulated. You simply add boiling water, as directed on package, then the liquid fruit essence from the vial. Also mix in fresh fruit, if desired, and let cool. No sugar required.

Jiffy-Jell is economical. One package serves six.

It saves your sugar, for we put the sugar in it.

It is rich in fruit, for the bottle of flavor is the condensed juice of much ripe fruit.

Millions have adopted Jiffy-Jell as the ideal fruit dessert.

DANIELSON AND PUTNAM NEWS

DANIELSON

Charles M. Adams, 68, of Danielson, died Wednesday morning about 2 o'clock at his home on Academy street. While Mr. Adams' health had been poor for some time, his death came as a shock and a surprise. Only Tuesday he was about and greeting friends and seemed no more seriously ill than he had been for some time past.

Mr. Adams was born in Danielson 55 years ago last March, the son of Mr. and Mrs. Lyman D. Adams and had spent his entire life in the town of Killingly, being one of its most respected citizens. He was a blacksmithing trade, being associated with his father, and followed the occupation all his life.

He was recognized throughout the state as a master horseman and his place of business here was always sought by horsemen. His reputation for doing excellent work was known for miles about and horses from the best stables and private estates in Eastern Connecticut were brought to his place for attention. Mr. Adams was well known among the horsemen of the state and was president of the organization in Connecticut at one time.

He was a member of Moriah lodge, No. 15, A. F. and A. M., Warren chapter and Montgomery council of Danielson and Columbian Commandery, K. T. of Norwich.

Mr. Adams is survived by his wife, a son, Dr. Clarence Adams, a daughter, Mrs. Charles Spaulding, a sister, Miss Ella Adams, all of Danielson.

The funeral of Miss Aurora Tetreault was held from the home of her parents, Mr. and Mrs. Joseph Tetreault, on the West Side, Wednesday afternoon at 2 o'clock. This service was attended by a large funeral congregation. Burial was in St. James cemetery. The bearers were Edwin Bernier, Napoleon Bernier, David Gagne, Frederick Goulet, George Mathias and J. LaJeunesse. Mr. J. E. Kennerly had charge of the funeral arrangements.

We have organized a trucking concern and are ready to do long distance hauling, carrying loads up to five tons, on a new truck, George L. Jordan, Mgr. Tel. 245-2—adv.

All the Fresh Air Kiddies who arrived here from New York Tuesday evening were happy in their new environment on Wednesday and fast getting acquainted with the many and, to them, exceedingly interesting things between this bright spot in nature's beauty in eastern Connecticut and the dreary canons of New York's east side. Most of the little people were frank in admitting that change was very decided, but the newness of their surroundings seemed to appeal to them. The families who have the little ones in charge are doing a very best to make the two weeks stay scheduled for the little people as happy a period as has come into their young lives.

Officials of the town of Killingly expressed Wednesday their readiness to assist in any well directed campaign that may bring forcibly to the mind of Commissioner C. J. Bennett of the state highway department this section's demand that something be done at once toward building the state highway links needed between this place and the Rhode Island line at Little Neck and between Brookline and Hampton. It is now generally recognized here that passing this summer this highway will be a sore point in the minds of the towns of Killingly, Brookline and Hampton from the state highway department.

The waiting program has been tried for several patient years without any result so now on intensive drive is being urged, members of both political parties being willing to take a hand in the interest of the communities to be served.

A section that is developing industrially as rapidly as this one cannot be longer handicapped by the negligence of the state highway department in developing a suitable improved state highway over a route that has been in use since stage coach days, and which still remains the shortest and most direct route between Providence and Hartford via Danielson and Willimantic.

A petition bearing the names of many well known residents of Hampton is already in hand and another will be prepared and circulated in Danielson and other parts of the town of Killingly at once.

Constant pressure is to be exerted on the state highway department to build stretchers of badly needed roads that should have been built years ago.

Mr. and Mrs. Alfred L. Reed and Rev. and Mrs. James H. George, who have been guests of Mr. and Mrs. Reed for some time, left Wednesday for motor trip to Newtown, this state, where they are to remain for a few days.

James R. Woodhead, who was arrested near Danville, gave an unusual explanation of posing in the nude for the benefit of court officials and such spectators as happened to drop in for Wednesday morning's session of the town court. James had been indulging too freely in some of the drinks that have become popular in these dry days and said drinks had a sad effect on him.

Arraigned to plead to a charge of intoxication he would say neither guilty nor not guilty, and nothing could bug him into talking. In his cell he attempted every stitch of his clothing and did some living picture stunts for the benefit of the onlookers.

"You're there kid" was one of his remarks to Judge W. Fenner Woodward, who was in the cell block room watching Woodhead's antics. The prisoner had been driven practically demented by indulgence in some of the terrible temptations now passing for liquors in this territory. Woodhead's case will be disposed of when he returns to a more rational condition of mind.

J. Carl Witter and N. A. Witter were at Winsor Wednesday to witness the races that have been run off at Sage Park.

James A. Lever of Newport was a visitor with friends in Danielson Wednesday.

Alexander Duhamel of Gilbertville, Mass., is spending a few days at his home here. Mr. Duhamel is engaged in business in Gilbertville.

Four new recruits have been received into C. company, State Guard, Captain A. H. Armstrong, commander, this week. This gives the company 14 men, 11 of the maximum authorized strength. Captain Armstrong hopes to take a full company of 65 men into camp this month. The new recruits are in each case 18 years of age.

Efforts of the selectmen of Killingly to repair the section of highway between South Killingly and the state line at Little Neck are nullified almost as rapidly as repairs are made. Heavily laden trucks cut through the new gravel, leaving ruts 6 to 10 inches in depth.

One of the events of Monday was a flag raising at the home of Selectman and Mrs. James Bacon, near Goodyear. The event was attended by a number of Goodyear residents, who were guests of Mr. and Mrs. Bacon. Among the speakers was Agent Robert W. Royce of the Goodyear Cotton Mill company.

Commander Henry L. Beach of the submarine base at New London was a visitor in Danielson Wednesday.

PUTNAM

Franklin and Ruth Perry, children of Dr. and Mrs. Edward F. Perry of Grove street, left Putnam Wednesday morning for a visit in New Preston.

The outing of the Men's Club of the Second Congregational church of Putnam, which was to have been held the latter part of June, has been postponed until September, when there will be a rally and picnic.

John G. Johnson motored to Boston Tuesday, taking with him his sister, Mrs. Jeanette Freeman who has been visiting in Putnam at the home of Miss Mary Johnson, on Grove street. Miss Johnson, Mrs. Charles T. Thayer and son always, accompanied Mr. Johnson and his sister.

Dr. Margaret J. Bullard of Putnam and Mrs. S. H. Overlock of Pomfret, who landed at New York Monday after a five weeks' trip abroad returned to Putnam Tuesday.

Four delegates will represent the Second Congregational church at Northfield this summer. Miss Dorcas Bartlett and Miss Ruth Adams are in the city court before Judge Mahon H. Geisler Wednesday morning to face two charges.

The 25 boys now at Camp Seneca, Roseland Lake, in charge of J. O. Wood Columbus, Ohio, recently entertained the boys who are camping on Crystal Lake, Eastford. The latter are with L. Stanley Kelley, who has had charge of the camp at Eastford for many years.

In the ball game, the Eastford lads carried off the honors.

Amide Durocher, aged 23, of Lee street, Putnam, who was arrested Tuesday afternoon by John Bulger, captain of Putnam police, appeared in the city court before Judge Mahon H. Geisler Wednesday morning to face two charges.

The breaking and entering of the store of James F. Donahue early Monday morning, and the theft of twelve bottles of imported whiskey, gin and rye. Durocher was arrested after he had been seen to throw away a bottle that had contained a high grade of imported whiskey, and a bottle that corresponded to part of the stock that had disappeared from the Donahue store. When Durocher told the court that he had been in the employ of P. S. Bruce, expressman, and had seen the liquor at the Donahue store when taking freight into the cellar.

Judge Geisler found probable cause on the charge of breaking and entering, and bound Durocher to appear in court on the charge of breaking and entering. The Windham county superior court. Bonds were placed at \$200, and upon furnishing this amount Durocher was released.

At a meeting of Anselm Mayotte Post, American Legion, held Tuesday night at the rooms of the Putnam Chamber of Commerce, plans were begun, which if they mature, will mean that on Labor day, or thereabouts, a field day will be held in Putnam, the main feature of which will be a triangular track and other athletic contests between the Putnam post, Swanston Post of Groverdale, and Leo J. L'Homme Post of Danville.

In the hands of the entertainment committee of which Mark H. Kleber is the chairman, he will at once get in touch with the sports in the neighboring towns and see if they are willing to cooperate in arranging such an affair. The local post is anxious to hold such a day for it will give the first real opportunity for contact with the neighboring posts.

At the same meeting, plans for sending delegates to the state convention of the American Legion, to be held in August, and Putnam is planning to send a full delegation. The number delegates the post is entitled to is based upon the number of members it has in good standing. The membership committee during the next few weeks is to try to get the number of members up to the 200 mark. The delegates to represent Putnam will be elected at the next meeting, July 13. Malaspina M. Willey was elected chairman of the post publicity committee, and was given power to appoint the remainder of the committee.

The report of the captain of police for June shows that 30 arrests were made in Putnam during that month three of which were for intoxication. The report further shows that during the same period property totalling \$865 in value was stolen, and goods to the value of \$25.20 were recovered.

The Putnam city council has issued the following:

Members of Putnam Country club are to be guests of the Franklin, Mass. club, Saturday afternoon.

In order that there may not be in future years a repetition of such disturbances as characterized the celebration of the Fourth of July in Putnam Monday, a celebration which was branded openly by members of the Putnam common council as "disgraceful, in direct violation of the law, and altogether deplorable" the city council Tuesday night at its July meeting passed an ordinance regulating the storage, sale and use of fireworks and firecrackers, which in force will mean a safe and sane celebration by the mayor himself. He stated that he had modeled it after the ordinances to be found in larger cities of the state, and while he did not include all of the details found in the regulations of those cities, he had made the ordinance sufficiently broad to meet the needs of Putnam. In speaking of the need for a new ordinance, Mayor Marcy pointed out to the council that at present there were no regulations in connection with the use and sale of fireworks except the discretion of the mayor and the statutes of the state.

In addition to permitting the use of small firecrackers, small torpedoes, and toy pistols that use paper caps, the new ordinance permits the use of sparklers, pinwheels, red fire and candles provided they do not contain explosives. In order that properly managed displays of fireworks

Insisting that under present conditions it was possible for diseased cattle to be slaughtered and sold in the city of Putnam, and that there was already some evidence that this very thing was being done, Peter A. Gardner, health officer of Putnam, appeared before the common council at its session Tuesday night to point out the seriousness of the situation, and to urge that a city meat inspector be appointed at once so that the health of the community might not be further endangered.

In stating his case and showing the necessity of such an appointment, Mr. Gardner said: "There is a slaughter house on the outskirts of Putnam, and they kill cattle there and we don't know what the animals' condition is, for they are not inspected. I have just learned that a load of cattle was sent from here to Massachusetts recently and were not allowed into that state, but were returned." They were not strong enough to travel. The question is, have we any local cattle slaughtered and sold to the same market after their return. I recently saw a sick cow near this slaughter house. Today I find that that cow has disappeared. We have no way of knowing whether it was slaughtered and sold in Putnam or not. I have recently talked with a physician here and he tells me that many children in this city are starting tuberculosis. I don't say that this is because of the meat they eat, but I do say that we have no inspection of cattle slaughtered in the town. There should be inspection for it is the only way to protect the public health. I suggest that this council appoint a city meat inspector. It will be no additional cost to the city, for such inspectors are paid at the slaughter house."

Mr. Gardner was asked the location of the Putnam slaughter house, and stated that it was not far from the Children's Home. Alderman John Byrne agreed with what the health officer had stated, and added: "I have heard of cattle being slaughtered there and not fit for food and then being sold in Putnam." Mayor Allen W. Marcy endorsed the seriousness of what Mr. Gardner had said, but owing to the fact that the slaughter house in this community is outside the city limits, but within the town he believed that the selectmen should be consulted, rather than the city council. He suggested that Mr. Gardner appear before the town officials who were holding their July meeting in the adjoining room, and present the matter to them. This was done by Mr. Gardner, who later reported back to the council that the selectmen were glad to cooperate with the council in appointing a meat inspector, and would like the mayor to appoint a committee to confer with them. Mayor Marcy then appointed Aldermen E. D. Duffy and Elias M. Wheelock, with Mr. Gardner.

Members of Putnam Country club are to be guests of the Franklin, Mass. club, Saturday afternoon.

works may not be interfered with, the ordinance provides that, with the approval of the chief of the fire department, the mayor may issue permits for such displays to authorized parties.

The storage and sale of the fireworks is also covered. In all cases there must be a permit to store and sell fireworks, such permit to be issued only after inspection by the chief of the fire department. No permits are to be issued to dealers who, in addition to selling fireworks, sell highly inflammable merchandise, such as paints, oils, high explosives or dry goods. In selling fireworks, they are not to be displayed out of doors, or where there is any danger of accidental discharge. The ordinance further limits the time of sale to three days previous to the Fourth or the day celebrated as the Fourth, the latter covering cases where the holiday falls upon Sunday and the celebration on Monday.

In short, the new regulations do away with blanks, restrict the sale of explosives, and put the Fourth on a safe basis.

There was no objection passed. Alderman George Padgett remarked, "I think that this will do away with such objectionable demonstrations as that of last Monday."
